The Negotiator Group

The Negotiator Group is an integrated luxury services ecosystem founded in 2020 and headquartered in Lagos, Nigeria. Across four specialist houses we source and finance vehicles, place and manage premium residences, run full-service lifestyle and relocation concierge, and structure capital for the assets our clients want to own. Clients come to us for one reason: a single, discreet point of contact for decisions that usually require five different firms. Every engagement is directed by a senior member of the house, supported by vetted operators, and documented end to end.
