

THE NEGOTIATOR GROUP

The Negotiator Capital

Capital, structured with intent.

Vehicle and asset financing, mortgages, leasing, SME funding and investment advisory.

The Negotiator Capital

The Negotiator Capital is the finance house of The Negotiator Group. We structure the capital behind the assets our clients acquire — vehicles, residences, equipment and operating businesses — and advise on where that capital should sit. Mandates begin with a confidential review of objectives, cash flow and security, followed by a written structure with clear pricing, tenor and covenants. Because financing sits alongside our mobility, residence and concierge houses, an approval and an asset can be arranged in a single, documented sequence rather than across three unrelated firms.
